

## **AMICRA Announces New Headquarter Building**

Regensburg, 23.06.2017 - AMICRA announces with pleasure the official opening this week of our new headquarter building at Marie-Curie-Str.6 in Regensburg, Germany.

The new much larger facility merges the staff from previous locations in Wernerwerkstr. and Lilienthalstr. to now allow for everyone to be on one single campus. The entire AMICRA team is excited about our new headquarters and the added value which it will provide to our customers.
